WHY CHOOSE THE AIRPORTS AUTHORITY?

While finding a job that meets your career goals and pays you well is important, remember that the employer's benefits may make all the difference. To review benefits information please [click here](#).

JOB SUMMARY:

To review the description of duties, please [click here](#).

Please note: You should review this job description, in particular the knowledge, skills, abilities, and other (KSAOs) requirements listed. Please reply to KSAOs one (1) through (5) only. The rest of the KSAOs will be assessed during the application process.

In the application process, you will be asked to relate your experience, training and education to the KSAOs in a narrative format. We would suggest that you prepare your responses off line and paste them into the assessment questionnaire. If the required information is provided in your resume, please direct the reviewer to the specific section of the document where this information can be found.

MINIMUM QUALIFICATIONS (MQS):

To be rated qualified for this job, an applicant must meet all of the MQs listed below at the time of vacancy announcement closure.

1. A high school diploma, a Certificate of General Educational Development (GED), or an equivalent combination of education, experience and training.
2. Seven years of progressively responsible experience (post high school) in safety and security operations that include substantive work in most of the DUTIES in this job description, including (a) inspecting and enforcing compliance with safety and security procedures; (b) arranging for corrective actions or training for violations; and (c) conducting safety and security training.

A fully equivalent combination of education and experience beyond that required to satisfy MQ 1 above may be substituted for up to four years of experience. For example, a bachelor's degree in all field indicating the ability to perform the DUTIES of this job description may be substitute for four years of experience.

PREFERRED QUALIFICATIONS:

The qualifications listed below are preferred and *may be* considered in the selection process, but are *not* required to be rated qualified for this job.

1. Experience in airport or airline security operations.
2. Airport Certified Employee (ACE) certification in Airfield Operations or Security from the American Association of Airport Executives (AAAE).

HOW YOU WILL BE EVALUATED:

Once the application process is completed, a review of your resume and supporting documentation will be done to determine if you meet the basic qualification requirements. There is an Assessment questionnaire(s) that you must complete. Your resume and supporting documentation will then be compared to your responses to the assessment questionnaire(s). If a determination is made that your application does not support your responses, which you provided in the assessment questionnaire, your application will not receive further consideration for this announcement.

OTHER INFORMATION:

A background security investigation will be required for all new hires.
