**DESCRIPTION:** Proposals are being solicited for the installation, implementation and integration of a complete replacement of the Wayne County Airport Authority's Parking Access and Revenue Control System (PARCS) at Detroit Metro Airport. The replacement PARCS with an integrated Valet Solution will consist of replacing all parking hardware and software equipment as well as installation, implementation, and integration of all required systems and infrastructure. Maintenance, Support and On Demand Services will also be a part of the on-going maintenance of the PARCS equipment and systems for the Wayne County Airport Authority (Airport Authority). The contract will be for a term of 10 years from the date of the Airport Authority's final acceptance of the PARCS operating solution.
